

GOVERNOR COOLIDGE GETS BIG MAJORITY

Massachusetts Governor Triumphs by Overwhelming Vote Over Richard Long.

NEW JERSEY VOTE CLOSEST

Democrat Opposing Prohibition Takes Lead Over Republican Opponent on Late Returns.

CONTINUED FROM PAGE ONE.

The didate had more supporters, and the other nominees on the state ticket were elected by large pluralities.

Governor Coolidge's plurality over Long, democrat, with only 1,192 in the cities, amounted to 1,192 in the suburbs, 1,192 in the vote being Coolidge 308,434.

Long carried Boston by 5,149, receiving 47,829, to 42,839 for Coolidge.

COLONEL ROOSEVELT GOES TO ASSEMBLY.

NEW YORK. Nov. 4.—Returns from the legislative election in New York state up to midnight showed no change in the political composition of the assembly. The democrats gained three seats in that body of the legislature.

Colonel Theodore Roosevelt began his political career as did his father by being elected to the assembly. He was a candidate in the Second district of Nassau county and was opposed by Elias Rafti, private in the American expeditionary forces.

Roosevelt was greatly elated over his victory, which he regarded as especially significant because he became the father of a son this morning.

DEMOCRATS WIN IN MISSISSIPPI.

JACKSON, Miss., Nov. 4.—The Mississippi democratic ticket was selected in today's general election by a plurality of approximately 50,000. The socialist state candidates, which furnished the only opposition to the democrats, polled less than 10,000 votes.

Lee M. Russell, present lieutenant governor, was elected governor, and H. C. Caswell was chosen lieutenant governor. James T. Lester, grandson of former Governor Poinsett, was the socialist nominee for governor.

The legislature will be democratic throughout, as no opposition ticket was put in the field.

NEW JERSEY VOTE IS VERY CLOSE.

TRENTON, N. J., Nov. 4.—With returns lacking from only 288 districts out of the 2,811 in the state, most of them in counties which normally are strongly democratic, New Jersey A. K. Bugbee, republican candidate for governor, had a lead early today of 4,263 over Edward J. Edwards, the democratic nominee. Bugbee's total was 155,196, and that of Edwards 155,933. Reports had been received from only about half of Hudson county.

VOTE IN MARYLAND IS ALSO CLOSE.

BALTIMORE, Md., Nov. 4.—The result of today's election in Maryland was in doubt at midnight. With less than one-half of this city heard from, Attorney General Albert C. Ritchie, the democratic nominee for governor, was leading his republican opponent, Harry W. Nice, state's attorney of Baltimore, by about 1,000.

Based on these figures the democrats were claiming that Ritchie would carry Baltimore by about 1,000.

No definite returns had been received from the counties, however.

PROHIBITION IN DOUBT IN OHIO.

COLUMBUS, Ohio, Nov. 4.—Result of the prohibition election in

AMERICAN GIRL IN SULTAN HAREM

But She Escapes Evil Life Through Aid of Daring Fellow-Countryman.

While a party of American tourists were recently traveling in Morocco they were sight seeing through the sultan's palace by a royal permission given them. They were admitted into a beautiful young American girl, a member of the party. Through a secret order given his guards she was captured and imprisoned in the sultan's harem.

A daring fellow-countryman, fearing of the girls' safety, followed her route to gain access to the sultan's palace and taking the place of one of the sentries guarding the sacred tiger—not, however, until both had been captured and the American had pulled a most sensational and bewildering feat—the nature of which was never disclosed to the Orpheum theater tomorrow by Horace Goldin, world's premier magician—for this is the story of "The Tiger God." Goldin's newest illusion sensation, which will headline the new bill at the Orpheum the last half of this week, the remaining feature of which is the magician's disappearance of the young woman from before the very eyes of the audience.

Goldin uses a real live tiger in the production and it is said to be the most stupendous exhibition of magic ever produced on any stage. A cast of 27 people comprising the personnel of the show are to act the same as appeared at Convention Hall last week at \$2 price, but the Orpheum will offer it and four other acts at the regular Orpheum admission price.—Advt.

Ohio was in doubt at 9:30 o'clock last night.

The democrats, claiming big majorities in the rural counties, while we were making similar claims in the larger cities.

Last year Ohio voted dry by about 25,000.

Indications were that the proposed amendment providing for classification of property for taxation had been defeated.

At 11:30 o'clock tonight the taxpaying leaders which backed the campaign for the classification amendment conceded the defeat of the amendment by 100,000 or more votes.

Ohio voters, early returns showed consistently wet or dry on all four prohibition proposals despite predictions that the vote would be split.

MORROW ELECTED GOVERNOR OF KENTUCKY.

Louisville, Ky., Nov. 4.—Edwin P. Morrow, republican, today was elected governor of Kentucky over Governor James D. Black, democrat, by a large majority.

Black, a former congressman, was estimated at from 15,000 to 20,000. Harry Carter, personal manager for Governor Black, in a statement, conceded Black's defeat by from \$3,000 to 10,000.

During the campaign Governor Black made speeches supporting the miners, Mr. Morrow was silent on the subject but his main agrees in published statements, asserted he opposed it.

Complete unofficial returns from Jefferson county, including Louisville, give Morrow, republican, for governor, a majority of 9,000. The same county two years ago gave Stanley, democrat, a majority of 4,000.

DEMOCRAT LEADS IN MARYLAND.

BALTIMORE, Md., Nov. 4.—One hundred and fourteen precincts out of 382 in Baltimore give Ritchie, democrat, for governor, 13,903; Nice, republican, 13,376. This gave Ritchie a lead of 525 and the democrats were claiming he would carry Baltimore by about 1,200.

TAMMANY HALL MEETS DEFEAT.

NEW YORK, Nov. 4.—Tammany Hall apparently went down to defeat in the municipal election today. All three of its candidates for the supreme court bench seemed to have lost.

With returns lacking from 223 districts out of 948 in the first judicial district, which includes the boroughs of Manhattan and

MOORE IS ELECTED PHILADELPHIA MAYOR.

PHILADELPHIA, Nov. 4.—Congressman J. Hampton Moore, republican of the Third Pennsylvania dis-

trict, today was elected "mayor of Philadelphia" by a large plurality over Henry D. Westcott, democrat.

Much interest was centered in the economic contests. The republicans nominated at the primary were generally successful. The republicans also elected their county ticket.

TEXANS VOTE AGAINST FURTHER PROHIBITION

DALLAS, Texas, Nov. 4.—With the possible exception of the chairman and confederate veterans pension, the only issues voted on in Texas today were defeated returns available shortly before midnight indicated.

Indications were that Rep. L. Moran, Tammany candidate for president of the board of aldermen, the only office for which the entire city voted, had been defeated by Representative E. H. LaGuardia, his republican opponent, by a narrow margin. The vote in 2,316 districts out of 2,567 was LaGuardia 361,401; Moran, 359,700. Part of LaGuardia's strength is supposed to have resulted from his war record in the service.

The democrats conceded that one thousand in the judicial election was to be assault by William Randolph Hearst upon Governor Smith and the Tammany candidate, Hearst's son, the only issue voted on in the mayoralty contest in 1917 but they failed to substantiate their claims, although he had 112,241 in 2,419 districts out of 2,567.
